Burning Guidelines

(Reference Pechanga Fire Safety Ordinance No. 2013-0519-01)

- The responsible party and or property owner shall be responsible for compliance with Pechanga Fire Safety Ordinance No. 2013-0519-01.
- Ensure maximum pile size is 4 feet wide by 2 feet high for recreational fires.
- Provide an area of no less than ten (10) feet around the circumference of each burn pile, fire circle, etc. The area must be clear of all combustible materials including vegetation and overhanging branches.
- Provide no less than 50 feet between burn site and any structures.
- Provide adequate means for fire extinguishing such as a charged garden hose or 5 gallon pressurized water extinguisher and a shovel.
- Total extinguishment of fire shall be the responsibility of the person burning.
- Fires must be constantly attended by an adult capable of using fire extinguishing equipment and who are familiar with this notification information, until the fire is completely extinguished.
- The approved application is void during "Red Flag Alerts", and no burning is permitted.
- Burning of any waste other than vegetative debris is prohibited at all times within the Pechanga Indian Reservation.
